

North Humberside Motor Club February Newsletter

Welcome to the first newsletter of 2009. A Newsletter as I have very little content at the moment.

We started the New Year with our Annual New Year Autotest on Sunday 4th January at Readers Yard at Brandsburton . The event was well attended by competitors, marshals and spectators . Most importantly a good turn out of youngsters competing. Next Autotest is 8th February at the same venue.

A reminder that membership subscriptions are now due, we have had a good response so far. Membership secretary is Dennis Robinson, he comes to most club nights or you can contact him on Tel: 01482651069 Or email captjd@53wellard.karoo.co.uk

Beverley & District have found themselves without a home as their regular meeting place the "Dog & Duck" in Walkington has closed, at the moment you may see a few of them with us on a Thursday evening at the Ferguson & Fawcett.

Our next major event is of course "The North Humberside Forest Rally" on the 28th February. Once again starting and finishing in Whitby. Regulations are available at www.northhumbersideforestrally.org.uk.

If you can help in anyway please contact John Newlove.

John Overend Memorial Stages Rally

Due to problems with the venue our annual single venue rally has been postponed, it is likely that the Trackrod Lookout rally will also be postponed.

Marshals News

The club was well represented at the recent marshals training session at Askham Bryan College with members taking part in Stage Commander, Stage Marshalling & Timekeeping training.

Events wanting marshals are starting to come through.

Sunday 8th February Autotest

North Humberside have another Auto test at Readers Yard at Brandsburton

~~Riponian Rally 15th February~~ **Cancelled**

We are once again running the Wass stage on this event. The 2.5 mile stage is run twice, signing on 09:30 latest.

North Humberside Forest Rally Saturday 28th February

Our annual forest rally, running a month earlier than usual, again starting and finishing in Whitby with three stages run twice in the North Yorkshire Forests. Lots of help needed marshalling controls or helping on stages.

Press Release from the Chatsworth Rally Show

QUALITY & VARIETY THE THEMES FOR SUMMER SHOW

With the third running of the VK-sponsored Rally Show at Chatsworth taking place on 6/7 June, spectators and competitors alike will find lots to be pleased about. As well as an enhanced programme of rally stars and cars, even greater interest will be generated by the programme of rally events taking place over the weekend.

To start with, the 2009 Show programme

features a Nations Cup competition, in which teams of three cars from any of the European nations will compete against one another on both days of the Show. Only the times of the fastest two cars in each team will count and the total time of those will decide the outcome.

There are currently teams planned from

Ireland, Britain and Germany, with hopefully more to come.

Another innovation is that, at the end of each day, there will be a run-off event for the ten fastest cars competing on the stages that day.

Rather in the fashion of F1 qualifying, the ten cars will run the stages and the two slowest will be eliminated; the remaining eight will go again, with the two slowest again eliminated until there are just two cars left to do final runs and decide the winner. On the Sunday, the victor's prize will be the C.G.Neill Trophy, which in the past has always been awarded to the winner of the final event.

Rallying's history is always well represented at Chatsworth and the Show has its own History of Rallying demonstration, involving many ex-works rally cars. In addition, it has always had its own historic events, but this year those, too, have been expanded. As well as individual events on Saturday and Sunday catering for the Historic Rally Car Register's category 1, 2 and 3 cars - ranging from the 1950s right through to 1981 - the Show will host Round 4 of the Northern Historic Rally Championship on Sunday morning.

The HRCR stops chronologically short of the more exotic Group 4 and Group B cars, but rally fans may rest assured that these will feature strongly in the demonstrations on both Saturday and Sunday.

The Rally Show now has a tradition of attracting rally cars not regularly competing in the UK. For instance, those who were at the 2008 show will never forget the spectacle and sound of Olaf Dobberkau's Porsche 993, which was the second fastest competing car at the show (after Steve Perez's Ford Focus WRC). The Rally Show this year will feature an event for GT and Sports Cars, split into three period categories - 1960 to 1974, 1975 to 1986 and 1980 onwards - and is likely to attract show stoppers similar to the Porsche and its Aston Martin rivals.

The ever-popular "All Comers" Event on the first day of the Show has been split into two events, the first event for cars up to 2000cc and the second for cars over 2000cc.

As well as having plenty to look at on the stages, the number of rally cars on display in and around the paddock will be larger this year. This is possible by virtue of the paddock being moved much closer to Chatsworth House on the eastern edge of the stages, giving more room for everything from static displays and trade stands to catering and the fun fair.

All in all, the VK Sponsored Rally Show at Chatsworth 2009 has every element present to make this third edition an essential summer visit for rally competitors, enthusiasts and all those who may never have attended the motor sport spectacle that is Chatsworth.

Information on the Show and copies of regulations are available on its web site at <http://www.therrallyshow.org>, where you can also order tickets for either day or for both days - and remember that tickets for children under the age of 17 but accompanied by an adult, can be ordered at the same time for FREE.
